“ Dad, Thank you so much for being such a wonderful father. You influenced our lives in such positive ways. All the fun filled winters in Vermont ; teaching us to ski , going snowmobiling, sledding , toboganing, cozy fireplace atmoshere..... Then summers at Kelsey Point and MV..... Playing in the waves, croquet games , cookouts ..... All our holidays were so heartfully celebrated..... The eclectic music you turned us onto.... Going to the worlds fair...all the home movies which annoyed us when we were young but are soooo appreciated now .... They not only help US to remember these special times but also keep the memories of you and all of us in motion ! They also say something about the moments YOU wanted to record for US to remember .I cherish the life you so successfully provided us and will think of you often and smile. XXXXOOOO Nan
