“ Roger was a close friend of my brothers at Hall High back on the early 70's. Being 5 years their junior, I used to follow my big brother and his buddies adventures. Roger always had time to answer questions from me and made me feel I too, was one of his friends.

I can remember an early brown 70's charger with a 440 engine and a pistol grip shifter that Roger gave me a ride in. I was in awe, and Roger made that happen. I have many memories of my brother Tom who passed away with Roger and Bill. The Mobil gas station, late night snacks from their parents restaurant, boats, fishing etc. Thank you Roger for the memories and kindness. I never have and never will forget you for giving me moments of being “cool” way back when.

Blessings and sincere condolences to the Chung family,

“ I met Roger in 1978 when I transferred here from N.C., and went on a field trip with him. He warned me about his car, that old Volvo 144.....had to clear the knee high trash out of the passenger footwell. I think lots of the trash fell out through the floorboards, so he never really had to deal with it!! Roger was the finest technician I have ever met. He could fix anything!! Even the Electronic Typewriter!! More than that, as you all know, a truly great person who is missed by many.

“ It is with great sadness that my coworker and friend of over forty years has passed away. All through his illness he was a fighter and just kept on going between all the ups and downs that came his way. Always focused on the good times and laughter we shared and never to forget our breakfast meetings and our Plan B lunches. Never a dull moment in Rogers retirement as short as it was. Remodeling, motorcycles, boats , engine rebuilding and always time for a glass of wine. I will miss my good buddy, and our thoughts and prayers are with Roger and his family at this time of sorrow.
